VOLUME 80

AND SUPPLEMENT

MAY, JUNE, JULY, AUGUST, 1941

THE WISTAR INSTITUTE OF ANATOMY AND BIOLOGY
PHILADELPHIA, PA.

30344

CONTENTS

No. 1 MAY, 1941

PAUL E. NIELSON. Report of a case of true lateral hermaphroditism in <i>Sus</i> . Two plates (nine figures)	1
Y. Z. TANG. Sex difference in growth in gonadectomised albino rats. Three figures	13
ELIZABETH BROWN CHASE. Studies on an anophthalmic strain of mice. II. Effect of congenital eyelessness on reproductive phenomena	33
WILLIAM C. YOUNG, JOHN L. BOLING AND RICHARD J. BLANDAU. The vaginal smear picture, sexual receptivity and time of ovulation in the albino rat	37
S. A. ASDELL, W. J. HAMILTON, JR. AND K. P. HUMMEL. A case of true hermaphroditism in the field mouse. Three figures	47
ROBERT S. MUNGER. Report of an unusual coeliaco-mesenteric trunk with unique distribution and anastomoses. One figure	55
HELENA F. GIBBS. A study of the post-natal development of the skin and hair of the mouse. Two text figures and two plates (eight figures)	61
EUGENE CUTULY. Autoplastic grafting of the anterior pituitary in male rats. Two plates (twelve figures)	83
ETHEL G. PORIS. Studies on the endocrines of reptiles. II. Variations in the histology of the hypophysis of <i>Anolis carolinensis</i> , with a note on the Golgi configuration in cells of the pars anterior and pars intermedia. One plate (eleven figures)	99
ROBERT M. RANKIN. Changes in the content of iodine compounds and in the histological structure of the thyroid gland of the pig during fetal life. Two charts and one plate (four figures)	123
<i>Book Review.</i> BRADLEY M. PATTEN. <i>Physiology of the Fetus.</i> By William Frederick Windle	137
<i>Reviews of approved films in anatomy and biology</i>	143
AMERICAN ASSOCIATION OF ANATOMISTS. Fifty-seventh annual meeting. Proceedings, constitution, officers and list of members	Sup. 1

No. 2 JUNE, 1941

S. A. ASDELL AND G. W. SALISBURY. The rate at which spermatogenesis occurs in the rabbit. One plate (six figures)	145
JOHN L. BOLING, RICHARD J. BLANDAU, BREWSTER RUNDLETT AND WILLIAM C. YOUNG. Factors underlying the failure of cyclic mating behavior in the albino rat. One plate (four figures)	155
WILLIAM L. SIMPSON. An experimental analysis of the Altmann technic of freezing-drying. One plate (eight figures)	173
ERIK AGDUHR. A contribution to the technique of determining the number of nerve cells per volume unit of tissue. Four figures	191
HERBERT L. RATCLIFFE. A median vaginal canal and other anomalies of the genital tract of the opossum, <i>Didelphys virginiana</i> . Four figures	203
CHRISTIANE DOSNE AND ALBERT J. DALTON. Changes in the lipid content of the adrenal gland of the rat under conditions of activity and rest. One plate (seven figures)	211
E. DE ROBERTIS. Proteolytic enzyme activity of colloid extracted from single follicles of the rat thyroid. One plate (five figures)	219
S. R. DETWILER. The eye of the owl monkey (<i>Nyctipithecus</i>). Four text figures and one plate (six figures)	233
E. W. DEMPSEY AND G. B. WISLOCKI. The structure of the ovary of the humpback whale (<i>Megaptera nodosa</i>). One text figure and three plates (fourteen figures)	243
PARKE H. SIMER AND RICHARD L. WEBB. An aberrant function of omental lymphatics in omental-jejunal adhesions. Three figures	259
<i>Reviews of approved films in anatomy and biology</i>	269

No. 3 JULY, 1941

GEORGE HAMMOND, LUIS YGLESIAS AND JAMES E. DAVIS. The urachus, its anatomy and associated fasciae. Two text figures and two plates (seven figures)	271
EDGAR D. CONGDON AND JOHN N. EDSON. The cone of renal fascia in the adult white male. Four plates (twenty figures)	289

CARL R. MOORE. Embryonic differentiation of opossum prostate following castration, and responses of the juvenile gland to hormones. One text figure and one plate (two figures)	315
WILLIAM L. SIMPSON. The application of the Altmann method to the study of the Golgi apparatus. Two plates (eight figures)	329
MARTIN SILBERBERG AND RUTH SILBERBERG. The difference in the response of skeletal tissues to estrogen in mice of various ages. Two plates (six figures)	347
JOHN FRANKLIN HUBER. The arterial network supplying the dorsum of the foot. Three figures	373
<i>Book Review.</i> GEORGE M. HIGGINS. Histological studies on the normal and the irradiated suprarenal gland in rabbits. By Olaf Torgersen	393
<i>Reviews of approved films in anatomy and biology</i>	395

No. 4 AUGUST, 1941

JOHN T. MANTER. Movements of the subtalar and transverse tarsal joints. Six figures	397
ROLAND E. MILLER. A study of quadruplets. One figure	411
THEODORA NUSSMANN SALMON AND RAYMUND L. ZWEMER. A study of the life history of cortica-adrenal gland cells of the rat by means of trypan blue injections. One plate (four figures)	421
DONAL SHEEHAN, J. H. MULHOLLAND AND B. SHAFIROFF. Surgical anatomy of the carotid sinus nerve. Two figures	431
C. J. VAN DER HORST AND JOSEPH GILLMAN. The number of eggs and surviving embryos in <i>Elephantulus</i> . Three figures	443
WILLIAM OLIN PUCKETT. The methacrylate plastics as mounting media for biological materials. One plate (six figures)	453
R. O. GREEP. Effects of hysterectomy and of estrogen treatment on volume changes in the corpora lutea of pregnant rabbits. One plate (five figures)	465
JOHN GEORGE SINCLAIR. Size of the parathyroid glands of albino rats as affected by pregnancy and controlled diets. One figure	479

FRED HERZBERG AND ISAAC SCHOUR. The pattern of appositional growth in the incisor of the rat. Five figures	497
HARRY A. WILMER. The arrangement of the capillary tuft of the human glomerulus (an injection study). Five figures	507
<i>Reviews of approved films in anatomy and biology</i>	<i>519</i>
